## LEAK GUARD

High performance waterproofing and adhesive

Technical Data

<p>Base Chemical</p>	<p>Lignin      Carbo-cation      Lignosulfonate</p>	<p>Sodium lignosulphonate Additives Adhesive Compounds</p>
<p>Relative density</p>	<p>(a) Sinkers in water x gf (b) Sinkers in water + cork in air y gf (c) Sinkers in water + cork in water z gf</p>	<p>1.08 kg / Liter at 30 degree centigrade</p>
<p>Dosage (Approx )</p>		<p>125ml per 50 kgs cement (W/C ratio 0.45 for best result)</p>
<p>Curing</p>		<p>Curing of the concrete should be done properly</p>
<p>Mixing</p>		<ol style="list-style-type: none"> <li>1. Added with water or</li> <li>2. Directly into the Concrete Mix</li> </ol>
<p>Shelf life</p>		<p>2 year from the date of manufacturing</p>
<p>Storage</p>		<p>Keep Packaging Closed &amp; away from direct source of Heat , Sunlight , Water. Storage Temp : + 5 ~ +35 degree centigrade</p>
<p>Colour</p>		<p>Light black</p>

# LEAK GUARD Advantages

Saves Production Time	
Increase Production	
Improvement in Workability and Uniformity in the mix	
Adhesive Property of cement based product improves	

Packing : 250ml, 500ml, 1L, 5L, 25L, 50L, 200L

Terms and packing are flexible for : 1 - Trial orders , 2 - Bulk orders , 3 - Regular contract orders
